

Regular

The REGULAR BOOTIE has 3 panels and curves towards the toe. This is the best all-around bootie and can be ordered with the leg zip option for ease when putting the suit on.

Mega

The MEGA BOOTIE has a straight line from the knee to the toe and has a larger surface area for turning quick pieces, also can be ordered with the leg zip option for ease when putting the suit on.

Mega Bootie with the leg zip option.

Mega XL

The MEGA XL Bootie is a high performance bootie, designed for the hard core team jumper. They are the preferred booties of the Arizona Airspeed and other top performing world teams. The XL has a shock cord inside the cuff that goes under the shoe.

Vented

The VENTED BOOTIE option has an air inlet that traps the air to slow you down, for more leg action and better tracking.
